Enclosed find copy of letter sent today to Mike regarding last night's conversation. I think this will come close to solving the conflict problem. As this letter puts me in a compromising position, please forget you ever received it, as I'm supposed to be impartial. Also, at your next convenience send me

Another tape of various
aired programs. I would like
to compare to some tapes
I have of KCR + Fordham.

Dear Mike:

Having just received the "package", my reading of the various sections so interested me, that I am going to ask a favor of you. At your earliest convenience, please send to me, a selection of tapes of air checks of downtown WNYU. I am particularly interested in hearing one of your fifteen minute newscasts, especially the one referred to in the notes, the Nov. 8, 1965 program, if you have it on tape. However, a recent one would do, as long as the date is prior to the date of this letter. Also, I would very much like to hear one or two of your specialized "reviews". Further, a sampling of your music shows and whatever else you deem pertinent would be appreciated. Do not be afraid to load me up, as this would not frighten me. I frankly cannot see how your programming at present can be "FM ready" and I find it difficult that your people can put in all the time necessary that your memos seem to indicate, but as the memo is yours, I would now like you to prove me wrong.

As I have at my disposal all the necessary pro taping equipment, you send me the reels and leave the rest to me. I would appreciate this being done by the first of March, as I am leaving for vacation the 14th of March. Upon completion, I will return the tapes to you.

I hope you do not consider this an imposition by a member of the "Advisory Council".

I intend to get in touch with the Uptown boys shortly and ask for a similar batch of tapes, if they have them, concerning their broadcasts.

See you soon,

Al Lewbel
